PROVIDER DIRECTORY

This directory provides a list of HealthPartners® Peak<sup>SM</sup> network providers.

This directory is for Minnesota residents living in the Twin Cities Metro or St. Cloud area.

This directory is current as of Sept. 12, 2018. Some network providers may have been added or removed from our network after this directory was published. We do not guarantee that each network provider is still accepting new members. # Getting care

## Your personal physician

A personal relationship with a physician is at the heart of good care and good health. That's why we encourage you to choose a personal physician who gets to know you and your health history, even though you can go to a different provider each time. This physician can provide most of your care and work with specialists if you need special care.

## Specialty care

In the HealthPartners Peak network, you can go directly to any specialist in this directory without a referral.

Information about the specialists in this network is listed in the Network Providers section of this directory.

## Network and out-of-network care

When you receive care from a clinic or provider in the HealthPartners Peak network, your care is considered network. If you receive care from a provider not in the HealthPartners Peak network (except in urgent or emergency situations), your care may be considered out-of-network and may not be covered or may be covered at a lower level.

To learn about your specific benefits, consult your Summary of Benefits or, if you're a member, view your benefits online at **healthpartners.com**.

# Peak network providers

In the Peak network you may use the health care professionals, facilities and services listed in this directory without a referral from a primary care physician. Anytime you or a member in your family needs care, you may choose to see any provider in this network. If you seek care from a provider who is not listed in this directory, your care is considered out-of-network and may not be covered.

Consult your Membership Contract for benefits available to you.

# Urgent/after-hours care

HealthPartners is ready to help you handle medical problems. For urgent care needs during clinic hours, please call your clinic. For urgent care after your clinic's regular hours, you have several options:

- Call your clinic's after-hours line
- Call the CareLine<sup>SM</sup> service at 612-339-3663 or 1-800-551-0859 to speak to a registered nurse
- Walk in to any of the urgent care centers listed on the following pages

## What is the CareLine service?

After regular clinic hours, call our CareLine<sup>SM</sup> service to talk directly with skilled nurses who are specially trained to help you over the phone. A CareLine nurse might suggest home care, a visit to your clinic the next day, a trip to an urgent care clinic, or a visit to an emergency room. Whatever your health care needs or questions, CareLine nurses will give you guidance based on the condition you describe and, if necessary, direct you to the facility that is most appropriate for your situation. They'll even contact the urgent care center so they're prepared to meet your needs when you arrive.

### The CareLine<sup>SM</sup> Service

612-339-3663 or 800-551-0859

or 952-883-5474 TTY

(for members who are hearing-impaired)

### The BabyLine<sup>SM</sup> Service

612-333-BABY (2229) or 800-845-9297

## Concerns with your pregnancy?

The CareLine service offers a special phone line for pregnant members and up to six weeks after delivery. Call 612-333-BABY or 800-845-9297 to speak with specially trained nurses about over-the-counter medications, breast-feeding, unfamiliar aches and pains, mood swings — there are no small concerns when it comes to your health during pregnancy.

## What urgent care centers are available?

The urgent care centers listed on the following pages are available to all HealthPartners members — just walk in. In addition, some clinics offer urgent care on site (see clinic listings). The urgent care centers affiliated with your primary care clinic will most likely be able to get access to your medical records and more easily coordinate any needed follow-up care.

# Other important information

## Care utilization management programs

Part of helping our members stay healthy is making sure they get the care they need when they need it. To help coordinate effective, accessible and high-quality health care, HealthPartners uses utilization management programs. These programs are based on the study of patient populations to evaluate appropriate levels of care. They use guidelines for the best medical practices based on the most up-to-date medical evidence.

Our utilization management programs include activities to reduce the underuse, overuse and misuse of health services. These programs include:

- inpatient concurrent review and care coordination to ensure a safe and timely transition from the hospital
- “best practice” care guidelines for selected kinds of care
- outpatient case management to provide care coordination
- the CareCheck program to coordinate out-of-network hospitalizations

Prior approval is required for a small number of services and procedures. These are listed on the HealthPartners Web site and are also available by calling Member Services. Typically, your doctor will request this approval on your behalf. Decisions about coverage are based on coverage criteria, which are also posted on the Web site and available from Member Services.

HealthPartners does not employ incentives that encourage barriers to care and service. Our Outcomes Recognition Program rewards doctors who achieve the highest levels of quality and service to patients.

## Appropriate use and coverage of prescription medications

We strive to provide our members with coverage of medications that are high quality, safe and cost-effective. We do this in several ways, including use of:

- A prescription drug formulary of medications that have been reviewed and approved for coverage based on quality, safety, effectiveness and value.
- A program to assist members who require many different medications to avoid unintended drug interactions.

The list of prescription drugs on the formulary is on the HealthPartners website, along with information on how drugs are reviewed, the criteria used to determine which drugs are added to the formulary, how you can request coverage of nonformulary drugs, and more. You can also get this information from Member Services.

## Our approach to protecting personal information

As a health plan, we comply with federal and state laws regarding the confidentiality of medical records and personal information about our members and former members. We've developed policies and procedures to ensure that the collection, use and disclosure of such information complies with the law. Whenever necessary, we obtain consent or authorization from our members, or an approved member representative, when the member is unable to give consent or authorization for disclosure of personal information. We give members access to their own information consistent with applicable law and standards. Our policies and practices are designed to facilitate appropriate and effective use of information, internally and externally, to enable us to serve our members and improve the health of our members, our patients and the community, while being sensitive to their privacy. If you would like a copy of our privacy notice, please visit **healthpartners.com** or call Member Services at **952-967-7540** or **866-232-1166**. For your provider's privacy policy, please contact your provider directly.

## HealthPartners has several different kinds of reimbursement arrangements with its providers.

Our goal in reimbursing providers is to provide affordable care for our members while encouraging quality care through best care practices and rewarding providers for meeting the needs of our members. Several different types of reimbursement arrangements are used with providers. All are designed to achieve that goal.

Some providers are paid on a “fee-for-service” basis, which means that the health plan pays the provider a certain set amount that corresponds to each type of service furnished by the provider.

Some providers are paid on a “discount” basis, which means that when a provider sends us a bill, we have negotiated a reduced rate on behalf of our members. We pay a predetermined percentage of the total bill for services.

Some providers are paid a “salary” with a possible additional payment made based on performance criteria such as quality of care and patient satisfaction measures.

Sometimes we have “case rate” arrangements with providers, which means that for a selected set of services the provider receives a set fee, or a “case rate,” for services needed up to an agreed upon maximum amount of services for a designated period of time. Alternatively, we may pay a “case rate” to a provider for all of the selected set of services needed during an agreed upon period of time.

Sometimes we have “withhold” arrangements with providers, which means that a portion of the provider’s payment is set aside until the end of the year. The year-end reconciliation can happen in one or more of the following ways:

- Withhold arrangements are sometimes used to pay primary care, specialty, referral or hospital providers who furnish services to members. The provider usually receives all or a portion of the withheld amount based on performance of agreed upon criteria, which may include patient satisfaction levels, quality of care and/or care management measures along with the financial performance of HealthPartners. Certain factors are measured to determine if the provider has satisfied the

withhold criteria, such as patient satisfaction, survey results and compliance with industry standards for preventative services, clinical guidelines and care management.

- Sometimes the amount of the withhold that the provider receives is based upon “cost targets” for care expenses. If total care costs are less than the cost target, all or a portion of the withheld amount is returned to the provider after the end of the year. Such cost targets include “stop-loss” protections which reduce the chance that treating patients with costly illnesses will have a direct negative impact on the provider’s performance.

A provider may qualify to participate in a bonus program and receive additional payment if the provider meets certain performance criteria. Generally, these performance criteria are similar to the withhold criteria described above.

Some providers—usually hospitals—are paid on the “basis of the diagnosis” that they are treating; in other words, they are paid a set fee to treat certain kinds of conditions. Sometimes we pay hospitals and other institutional providers a set fee, or “per diem,” for each day or according to the number of days the patient spent in the facility.

Occasionally, our reimbursement arrangements with providers include some combination of the methods described above. For example, we may pay a case rate to a provider for a selected set of services needed during an agreed upon period of time, or for services needed up to an agreed upon maximum amount of services, and pay that same provider on a fee-for-service basis for services that are not provided within the time period or that exceed the maximum amount of services. In addition, although we may pay a provider, such as a medical clinic, using one type of reimbursement method, that clinic may pay its employed providers using another reimbursement method.

Please check with your individual provider if you wish to know the basis on which he or she is paid.
